

Light Industrial Street Improvements
(Whisler Drive - Under Design)
(Front Street & Orange Ave., Complete)

The project proposes to provide curb and gutter, asphalt concrete pavement, a sidewalk, access ramps, and driveways in the Light Industrial Area. The work on Orange Avenue near Front Street, a portion of Front Street between Orange Avenue and El Toro Road was completed in October 2010. Street improvements for one of the two remaining properties on Whisler Drive were completed in May 2011. Staff is negotiating an agreement with the remaining Whisler Drive property owner so that improvements can be constructed.
